

ATHLETICS

To the Class of 1963:

As members of the Class of 1963 you are to be congratulated on completion of your high school education.

The members of the P. E. Department have tried to help you achieve the goal of the Classical Greeks; "a sound mind in a sound body." We hope that as you develop your mind for thinking along academic lines, so will you develop your body into a well functioning machine which will keep you healthy, alert, and ready to meet all of the problems you will face in the future.

Congratulations and best wishes.

## In Retrospect ...

The Physical Education Department opened its doors in September 1953. The facilities at that time consisted of a swimming pool, two exercise rooms, four gym mats and four footballs! The staff of the department consisted of Miss Aletha Emerick, in charge of girls' physical education and Mr. William Thornton, in charge of boys' physical education.

In its first years the Physical Education Department worked only with the boys and girls of Middle and Upper School. As the enrollment of CSDR increased the Physical Education Department started classes for the children in Lower School. These classes were under the direction of Mrs. Ann Rush and Mr. Robert Lennan. In 1958 Mrs. Ann Rush became an academic teacher in Middle School and was replaced by Miss Rita Gesue. She was replaced in 1960 by Mrs. Vernice Convery. Mr. Robert Lennan became an academic teacher in 1961 and was replaced by Mr. Peter Lanzl, former pro football player with the Detroit Lions and High School football coach in Youngstown, Ohio.

From its meager beginning the Physical Education Department now boasts a beautiful gymnasium, football field, baseball field, track, soccer field, three hard court areas plus all of the necessary equipment.

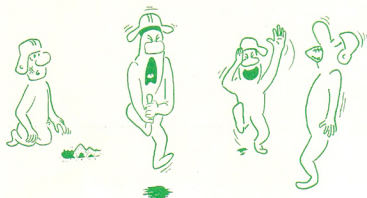

Both boys and girls in High School and Junior High School participate in interscholastic and intramural activities.

Our school is a member of the Arrowhead League which is made up of eight High Schools in this area. We compete against them in all major sports.

We are justly proud of these past ten years. We have watched with pride the development of fine school spirit and good sportsmanship. We are proud of our program that strives not only to build better bodies, but endeavors to teach the art of getting along with others.

Miss Aletha Emerick  
Mr. William Thornton

## Summary of the Season

CSDR ended the 1962 football season in a tie for third place in the Arrowhead League. Although the Cubs started out well in the beginning of the season, they lost three of their last four games to end with a season total of 3 wins and 4 losses.

The statistics for the season show that our boys were ahead of the opponents in most phases of the games. They also indicate the chief reason why our team was behind in points scored—fumbles. The team fumbled 21 times for an average of 3 fumbles per game. Offensively CSDR completed 41 passes out of 57 while limiting the opponents to a mere 37 completions out of 94 attempts.

The boys have improved on both offense and defense. Although many of our first string players will be leaving this year, we expect to have a strong team next year.

### Summary of Season

The A basketball team this year was handicapped by lack of experience. Three of the starting five were freshmen and their lack of experience in defensive maneuvers and ball handling led to mistakes which cost us many games. On the positive side, the team began to develop after a few league games and succeeded in winning one and losing one only after going into overtime. Most of the other league games were lost in the second half after CSDR had led during the first half. We have the material for an excellent team, and another year of experience should make a great deal of difference in our league standing.

Next year we also hope to recapture the trophies that we lost this year to Berkeley and the Arizona School for the Deaf.

William Thornton, Coach

### Summary of Season

The B basketball team ended its season with no wins. However the team showed marked improvement each time it played.

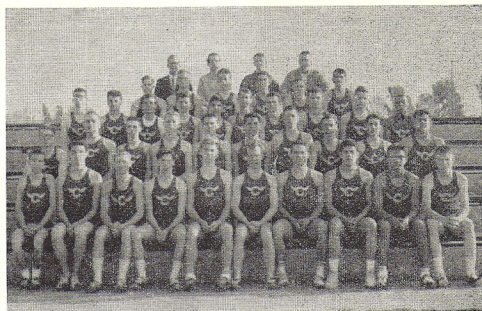

This season our boys learned to analyze their strengths and weaknesses and to form honest accurate assessments of their limitations and capabilities.

Next year B team should show a marked improvement.
